Independent Auditors' Report

To The Board of Education Peotone Community Unit School District 207U Peotone, Illinois

We have audited the accompanying basic financial statements of Peotone Community Unit School District 207U (District), Peotone, Illinois, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Illinois State Board of Education. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial

To The Board of Education Peotone Community Unit School District 207U

statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

# Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described more fully in Note #1, the District has prepared these financial statements using accounting practices prescribed or permitted by the Illinois State Board of Education, which practices differ from accounting principles generally accepted in the United States of America. Also, as described in Note #1, the District prepares its financial statements on the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

# Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to in the first paragraph do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the District as of June 30, 2020, or changes in financial position for the fiscal year then ended.

# **Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the assets and liabilities arising from cash transactions of the District as of June 30, 2020, its revenue received and expenditures disbursed during the fiscal year then ended, on the basis of accounting described in Note #1.

To The Board of Education Peotone Community Unit School District 207U

# Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued a report dated October 7, 2020, on our consideration of the District's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

#### **Other Matters**

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The schedules listed in the table of contents as "Supplemental Information" are presented for purposes of additional analysis and are not a required part of the financial statements. The "Supplementary Information" is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with <u>Government Auditing Standards</u>

To the Board of Education Peotone Community Unit School District 207U Peotone, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u> issued by the Comptroller General of the United States, the basic financial statements of Peotone Community Unit School District 207U (District) as of and for the year ended June 30, 2020, and have issued our report thereon dated October 7, 2020. Our opinion was adverse because the financial statements are not prepared in accordance with generally accepted accounting principles. However, the financial statements were found to be fairly stated on the cash basis of accounting, in accordance with regulatory reporting requirements established by the Illinois State Board of Education, which is a comprehensive basis of accounting other than generally accepted accounting principles.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. To the Board of Education Peotone Community Unit School District 207U

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under <u>Government Auditing Standards</u>.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### Note #1 Summary of Significant Accounting Policies

The District's accounting policies conform to the cash basis of accounting as defined by the Illinois State Board of Education Audit Guide.

A. Principles Used to Determine Scope of the Reporting Entity

The District's reporting entity includes the District's governing board and all related organizations for which the District exercises oversight responsibility.

#### Component Units

The District has developed criteria to determine whether outside agencies with activities that benefit the citizens of the District, including joint agreements which serve pupils from numerous districts, should be included within its financial reporting entity. The criteria includes, but is not limited to, whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters), scope of public service and special financing relationships.

Joint agreements have been determined not to be part of the reporting entity after applying the manifesting of oversight, scope of public service and special financing relationships criteria and are, therefore, excluded from the accompanying financial statements because the District does not control the assets, operations or management of the joint agreements. In addition, the District is not aware of any entity which would exercise such oversight as to result in the District being considered a component unit of the entity.

B. Basis of Presentation - Fund Accounting

The Annual Financial Report is a regulatory report prepared in accordance with the requirements of the Illinois State Board of Education and does not include the government-wide financial statements including the statement of net assets and the statement of activities required by accounting principles generally accepted in the United States of America.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

# Note #1 <u>Summary of Significant Accounting Policies</u> (continued)

B. Basis of Presentation - Fund Accounting (continued)

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities (arising from cash transactions), fund balance, revenue received, and expenditures disbursed. The District maintains individual funds required by the State of Illinois.

The various funds are summarized by type in the financial statements. These funds are grouped as required for reports filed with the Illinois State Board of Education. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following funds and account groups are used by the District:

#### Governmental Funds -

Governmental funds are those through which most governmental functions of the District are financed. The acquisition, use, and balances of the District's expendable financial resources and the related liabilities (arising from cash transactions) are accounted for through governmental funds.

The Educational Fund and the Operations and Maintenance Fund are the general operating funds of the District. They are used to account for all financial resources except those required to be accounted for in another fund. The Special Education and Leasing tax levies are included in these funds.

The Debt Services Fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

The Transportation Fund and the Illinois Municipal Retirement/Social Security Fund are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

# Note #1 Summary of Significant Accounting Policies (continued)

B. Basis of Presentation - Fund Accounting (continued)

Governmental Funds - (continued)

The Working Cash Fund accounts for financial resources held by the District to be used for temporary interfund loans to other funds.

The Tort Fund accounts for financial resources to be used for the payment of insurance and tort related expenses.

The Fire Prevention and Safety Fund is used to account for financial resources to be used for the acquisition or construction of major facilities (other than those financed by Trust Funds).

#### **Fiduciary Funds**

Fiduciary funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments, or other funds.

The Agency Funds include Student Activity Funds. They account for assets held by the District as an agent for the students, teachers, and other entities. These funds are custodial in nature and do not involve the measurement of the results of operations. The amounts due to the activity fund organizations are equal to the assets.

#### Governmental Funds - Measurement Focus

The financial statements of all Governmental Funds focus on the measurement of spending or "financial flow" and the determination of changes in financial position rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. The reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (cash receipts and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

## Note #1 Summary of Significant Accounting Policies (continued)

B. Basis of Presentation - Fund Accounting (continued)

General Fixed Assets and General Long-term Debt Account Group

Capital assets purchased or acquired with an original cost of \$1,500 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. The District records purchases of property and equipment as expenditures of various funds when paid. The District maintains a detailed list of property and equipment purchased for insurance purposes.

No depreciation has been provided on fixed assets in these financial statements. Current depreciation of \$673,679 has been utilized for the calculation of the per capita tuition charge and accumulated depreciation totaling \$22,280,463 has been reported on the Illinois Local Education Agency annual financial report (ISBE Form 50-35). Depreciation has been computed over the estimated useful lives of the assets using the straight-line method.

The estimated useful lives are as follows:

Buildings	50 years
Improvements	20 years
Transportation Equipment	5 years
Other Equipment	3 - 10 years

Long-term liabilities expected to be financed from Debt Service Funds are accounted for in the General Long-Term Debt Account Group, not in the governmental funds. Proceeds from sales of bonds are included as receipts in the appropriate fund on the date received. Related principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

The two account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with the measurement of results of operations.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### Note #1 <u>Summary of Significant Accounting Policies</u> (continued)

# C. Basis of Accounting

Basis of accounting refers to when revenues received and expenditures disbursed are recognized in the accounts and how they are reported on the financial statements. The District maintains its accounting records for all funds and account groups on the cash basis of accounting under guidelines prescribed by the Illinois State Board of Education. Accordingly, revenues are recognized and recorded in the accounts when cash is received. In the same manner, expenditures are recognized and recorded upon the disbursement of cash. Assets of a fund are only recorded when a right to receive cash exists which arises from a previous cash transaction. Liabilities of a fund, similarly, result from previous cash transactions.

Cash-basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions.

Proceeds from sales of bonds are included as other financing sources in the appropriate fund on the date received. Related principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

#### D. Budgets and Budgetary Accounting

The budget for all Governmental Funds and for the Expendable Trust Fund is prepared on the cash basis of accounting which is the same basis that is used in financial reporting. This allows for comparability between budget and actual amounts. This is an acceptable method in accordance with Chapter 105, Section 5, Paragraph 17.1 of the Illinois Compiled Statutes. The budget was passed on September 16, 2019 and amended March 13, 2020.

For each fund, total fund expenditures may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected on the financial statements:

1. Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures disbursed and the means of financing them.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### Note #1 <u>Summary of Significant Accounting Policies</u> (continued)

# D. Budgets and Budgetary Accounting (continued)

- 2. A public hearing is conducted to obtain taxpayer comments.
- 3. Prior to October 1, the budget is legally adopted through passage of a resolution.
- 4. Formal budgetary integration is employed as a management control device during the year.
- 5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
- 6. The Board of Education may amend the budget (in other ways) by the same procedures required of its original adoption

#### E. Cash and Cash Equivalents

Cash includes amounts in demand deposits and interest-bearing demand deposits and time deposit (savings) accounts. Cash equivalents include amounts in time deposits and other investments with original maturities of less than 90 days.

# F. Investments

Investments are stated at cost or amortized cost, which approximates market. The District, under 30 ILCS 235/2, may legally invest in all securities guaranteed by the full faith and credit of the United States, as well as interest-bearing savings accounts, certificates of deposit or time deposits constituting direct obligations of banks insured by FDIC. The District may also invest in short-term obligations of the Federal National Mortgage Association, the Public Treasurer's Investment Pool as well as all interest-bearing obligations of the State of Illinois.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

# Note #1 Summary of Significant Accounting Policies (continued)

## G. Total Memorandum Only

The "Total Memorandum Only" column represents the aggregation (by addition) of the line-item amounts reported for each fund type and account group. No consolidations or other eliminations were made in arriving at the totals; thus, they do not present consolidated information.

These totals are presented only to facilitate financial analysis and are not intended to reflect the financial position or results of operations of the District as a whole.

#### Note #2 Property Taxes

The District's property tax is levied each year on all taxable real property located in the District on or before the last Tuesday in December. The 2019 levy was passed by the Board on December 16, 2019. Property taxes attach as an enforceable lien on property as of January 1 and are payable in two installments on June 1 and September 1. The District receives significant distributions of tax receipts approximately one month after these due dates. The balance of taxes shown in these financial statements are from the 2019 and prior tax levies.

The following are the tax rates applicable to the various levies per \$100 of assessed valuation:

	<u>Maximum</u>	<u>Actual</u>	<u>Actual</u>
	Rate	2019 Rate	2018 Rate
Educational	None	2.4552	2.4326
Operations & Maintenance	0.7500	0.3065	0.3114
Transportation	None	0.1840	0.1869

Special Education	0.8000	0.0219	0.0225
Working Cash	0.0500	0.0003	0.0003
Lease Purchase	0.1000	0.0003	<u>0.0003</u>
TOTAL		4.0812	4.5453

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

## Note #3 Fund Balance Reporting

In a prior year, the District implemented, "Fund Balance Reporting and Governmental Fund Type Definitions". This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints:

## A. Non-spendable Fund Balance

The non-spendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts. Due to the cash basis nature of the district all such items are expensed at the time of purchase, so there is nothing to report for this classification.

#### B. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Things such as restrictions imposed by creditors, grantors, contributors or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specified purposes. The District has several revenue sources received within different funds that also fall into these categories –

1. Special Education

Cash receipts and the related cash disbursement of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

2. Leasing

Cash receipts and the related cash disbursement of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### Note #3 Fund Balance Reporting (continued)

- B. Restricted Fund Balance (continued)
  - 3. State Grants

Proceeds from state grants and the related expenditures have been included in the Educational and Transportation Funds. At June 30, 2020, expenditures disbursed exceeded revenue received from state grants, resulting in no restricted fund balance.

4. Federal Grants

Proceeds from federal grants and the related expenditures have been included in the Educational Fund. At June 30, 2020, expenditures disbursed from federal grants exceeded revenues received for those specific purposes in the Educational Fund, resulting in no restricted fund balance.

5. Social Security

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Municipal Retirement/Social Security Fund. Revenue received did not exceed expenditures disbursed for this purpose, resulting in no restricted fund balance.

## C. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The School Board commits fund balance by making motions or passing resolutions to adopt policy or approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements

Employee contracts for services rendered during the school year for employees electing twelve month pay schedules are recorded as disbursements in the fiscal year when such checks are drawn. At year end, the total amount of unpaid contracts for services performed during the fiscal year ended June 30, 2020 amounted to \$653,290, resulting in committed fund balance for this purpose

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### Note #3 Fund Balance Reporting (continued)

#### D. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the governments' intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by (a) the School Board itself or (b) the financial committee or by the Superintendent when the School Board has delegated the authority to assign amounts to be used for specific purposes.

Under the assigned fund balance definition \$442,229 of the Transportation Fund Balance is assigned for lease of school buses. This balance is included in the financial statements as Unreserved in the Transportation Fund.

#### E. Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the General Operating Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Funds. Unassigned Fund Balance amounts are shown in the financial statements as Unreserved Fund Balances in the Educational, Operations and Maintenance, Transportation and Working Cash Funds.

F. Regulatory - Fund Balance Definitions

Reserved Fund Balances are those balances that are reserved for a specified purpose, other than the regular purpose of any given fund. Unreserved Fund Balances are all balances that are not reserved for a specific purpose other than the specified purpose of a fund.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

## Note #3 Fund Balance Reporting (continued)

#### G. Reconciliation of Fund Balance Reporting

The first five columns of the following table represent Fund Balance Reporting according to generally accepted accounting principles. The last two columns represent Fund Balance Reporting under the regulatory basis of accounting utilized in preparation of the financial statements.

	Generally Accepted Accounting Principles					Regulate	ory Basis
						Financial	Financial
	Nonspend-					Statements -	Statements -
Fund	<u>able</u>	Restricted	<u>Committed</u>	Assigned	<u>Unassigned</u>	Reserved	Unreserved
Educational	-	-	653,290	-	5,108,615	-	5,761,905
Operations &							
Maintenance	-	1,333,618	-	-	-	-	1,333,618
Debt Service	-	1,945,561	-		-	-	1,945,561
Transportation	-	541,260	-	442,229	-	-	983,489
Municipal							
Retirement	-	258,996	-	-	-	-	258,996
Capital Projects	-	3,929	-	-	-	-	3,929
Working Cash	-	-	-	-	2,599,374	-	2,599,374
Tort Liability	-	230,691	-	-	-	-	230,691
Fire Prevention							
& Safety	-	4,238	-	-	-	-	4,238

#### H. Expenditures of Fund Balance

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### Note #4 Deposits and Investments

The District is allowed to invest in securities as authorized by the District's investment policy, Sections 2 and 6 of the Public Funds Investment Act (30 ILCS 235) and Section 8-7 of the <u>School Code of Illinois</u>. These include the following items:

- 1. bonds, notes, certificates of indebtedness, treasury bills or other securities now or hereafter issued, which are guaranteed by the full faith and credit of the United States of America as to principal and interest;
- 2. interest-bearing savings accounts, interest-bearing certificates of deposits or interest-bearing time deposits or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act;
- 3. money market mutual funds registered under the Investment Company Act of 1940, provided that the portfolio of any such money market mutual fund is limited to obligations described in (1) or (2) above and to agreements to repurchase such obligations;
- 4. the Illinois Funds. Any public agency may also invest any public funds in a fund managed, operated and administered by a bank, subsidiary of a bank or subsidiary of a bank holding company or use the services of such an entity to hold and invest or advise regarding the investment of any public funds;
- 5. the Illinois School District Liquid Asset Fund Plus;
- 6. any investment as authorized by the Public Funds Investment Act and Acts amendatory thereto. Paragraph 6 supersedes paragraphs 1-5 and controls in the event of conflict.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### Note #4 <u>Deposits and Investments</u> (continued)

#### Custodial Credit Risk Related to Deposits with Financial Institutions

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's general investment policy requires all amounts deposited or invested with financial institutions in excess of any insurance limit shall be collateralized by securities eligible for District investment or any other high-quality, interest-bearing security rated at least AA/Aa by one or more standard rating services to include Standard & Poor's, Moody's or Fitch. The market value of the pledged securities shall equal or exceed the portion of the deposit requiring collateralization.

The District's investment policy states the preferred method for safekeeping of collateral is to have securities registered in the District's name and held by a third-party custodian.

At June 30, 2020, the carrying amount of the District's deposits with financial institutions, which includes demand deposits, savings accounts and certificates of deposits was \$13,337,284, (includes \$160 petty cash and includes activity funds of \$215,792) and the bank balance was \$13,535,619 (includes activity funds of \$213,560). As of June 30, 2020, all of the bank balances are insured or collateralized with securities held by the pledging financial institution's trust department or agent in the District's name.

#### Note #6 Lease Commitments

**Operating Leases** 

The district leases various transportation equipment and a bus barn. The District is currently obligated under operating lease agreements for office equipment. During the current year, the District paid \$592,241 for lease expenses

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### Note #6 Lease Commitments (continued)

The annual future obligation for the District is as follows:

Fiscal Year	Transportation		Office	
Ended	Equipment	Bus Barn	Equipment	Total
6/30/2021	442,229	33,000	82,892	558,121
6/30/2022	442,229	33,000	-	475,229
6/30/2023	442,229	33,000	-	475,229
6/30/2024	442,229	-	-	442,229

#### Note #7 <u>Retirement Fund Commitments</u>

The District contributes to two defined benefit pension plans: the Teachers Retirement System (TRS), and the Illinois Municipal Retirement Fund (IMRF). TRS is administered by the TRS board of trustees and is a cost sharing multiple employer plan. IMRF is administered by IMRF board of trustees and is an agent multiple-employer public employee retirement system. The benefits, benefit levels, employee contributions and employer contributions for both plans are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly. The aggregate employer recognized pension expense on a cash basis for the year ended June 30, 2020, was \$259,297.

A. Teachers' Retirement System of the State of Illinois:

#### Plan description

The school district participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <u>https://www.trsil.org/financial/cafrs/fy2019</u>; by writing to TRS at 2815 West Washington Street, PO Box 19253, Springfield, IL 62794 or by calling (888) 678-3675, option 2.

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### Note #7 <u>Retirement Fund Commitments:</u> (continued)

A. Teachers' Retirement System of the State of Illinois: (continued)

#### Benefits provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier II members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. The earliest possible implementation date is July 1, 2020. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2021. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and will be funded by bonds issued by the state of Illinois.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### Note #7 <u>Retirement Fund Commitments:</u> (continued)

A. Teachers' Retirement System of the State of Illinois: (continued)

## Contributions

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2019, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

**On behalf contributions to TRS**. The State of Illinois makes employer pension contributions on behalf of the district. For the year ended June 30, 2020, State of Illinois contributions recognized by the employer were based on the state's proportionate share of the collective NPL associated with the employer, and the employer recognized revenue and expenditures of \$6,581,306 in pension contributions from the state of Illinois.

**2.2 formula contributions.** Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2020 were \$43,511, while \$39,685 was actually paid toward this obligation in the current fiscal year.

**Federal and special trust fund contributions**. When TRS members are paid from federal and special trust funds administered by the district, there is a statutory requirement for the district to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### Note #7 <u>Retirement Fund Commitments:</u> (continued)

A. Teachers' Retirement System of the State of Illinois: (continued)

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2020, the employer pension contribution was 10.66 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2020, salaries totaling \$103,598 were paid from federal and special trust funds that required employer contributions of \$11,044. \$11,942 was actually paid toward this obligation in the current fiscal year.

**Employer retirement cost contributions.** Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2020, the employer paid \$0 to TRS for employer contributions due on salary increases in excess of 6 percent, \$2,125 for salary increases in excess of 3 percent and \$0 for sick leave days granted in excess of the normal annual allotment.

Pension Expense

For the year ended June 30, 2020, the District recognized TRS pension expense of \$16,846 on a cash basis under this plan.

#### B. THIS Fund:

The district participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription and behavioral health benefits, but it does not provide vision, dental or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### Note #7 Retirement Fund Commitments: (continued)

B. THIS Fund: (continued)

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the state to make a contribution to the THIS Fund.

The percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

On behalf contributions to the THIS Fund.

The State of Illinois makes employer retiree health insurance contributions on behalf of the district. State contributions are intended to match contributions to the THIS Fund from active members which were 1.24 percent of pay during the year ended June 30, 2020. State of Illinois contributions were \$93,023, and the district recognized revenue and expenditures of this amount during the year.

Employer contributions to the THIS Fund.

The district also makes contributions to THIS Fund. The employer THIS Fund contribution was 0.92 percent during the year ended June 30, 2020. For the year ended June 30, 2020, the district paid \$69,017 to the THIS Fund, which was 100 percent of the required contribution.

#### Further information on the THIS Fund.

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General: http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp. The current reports are listed under "Central Management Services." Prior reports are available under "Healthcare and Family Services."

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### Note #7 Retirement Fund Commitments: (continued)

#### C. Illinois Municipal Retirement Fund

#### **IMRF Plan Description**

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

#### **Benefits Provided**

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### Note #7 <u>Retirement Fund Commitments:</u> (continued)

C. Illinois Municipal Retirement Fund (continued)

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

#### **Employees Covered by Benefit Terms**

At June 30, 2020, the following employees were covered by the benefit terms:

Number of	
Retirees and Beneficiaries	101
Inactive, Non-Retired Members	96
Active Members	113
Total	310
Covered Valuation Payroll	\$ 2,696,075

#### Contributions

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2019 was 8.45%. For the calendar year ended 2019, the District contributed \$242,451 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

## Note #8 Long-Term Debt

As of June 30, 2020, the District had long-term debt outstanding in the amount of \$8,325,000. During the fiscal year, the following changes occurred in long-term debt account:

	Balance			Balance
	June 30, 2019	<b>Additions</b>	<b>Reductions</b>	June 30, 2020
General Obligation Bonds	13,195,000		4,870,000	8,325,000
Total	13,195,000	-	4,870,000	8,325,000

The long-term debt consists of the following and is reflected in the General Long-Term Debt Account Group:

The summary of bonds and notes payable at June 30, 2020 is as follows:

	Interest	Carrying
Purpose	Rates	Amount
General Obligation Refunding School Bonds,		
Series 2012, dated October 1, 2012	2.35%-2.75%	1,075,000
Taxable General Obligation Limited School Bonds,		
Series 2015B, dated December 17, 2015	3.00%-4.00%	2,225,000
Taxable General Obligation Limited School Bonds,		
Series 2018A, dated December 5, 2018	3.35%-3.55%	4,725,000
Taxable General Obligation Refunding School Bonds	5	
Series 2018B, dated December 5, 2018	2.94%-3.16%	300,000
Total General Obligations		8,325,000

The principal and interest payments for these general obligations are paid from Debt Service Fund.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### Note #8 Long-Term Debt (continued)

Annual debt service payments required to service all outstanding obligations at June 30, 2020 are as follows:

Year Ending			
June 30	Principal_	Interest	<u>Total</u>
2021	3,600,000	226,084	3,826,084
2022	1,870,000	130,740	2,000,740
2023	1,935,000	66,039	2,001,039
2024	920,000	16,330	936,330
TOTALS	8,325,000	439,193	8,764,193

#### Advance Refunding of Debt

In the current and prior years, the District defeased certain general obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's financial statements. The District has \$1,380,000, of defeased bonds outstanding at June 30, 2020.

#### Legal Debt Margin

Under Section 5/19-1 of the Illinois School Code, the District is allowed to incur qualifying debt up to 13.8% of its latest equalized assessed value. As of June 30, 2020, the District's legal debt limit was \$53,362,145. Qualifying outstanding debt as of June 30, 2020 totaled \$8,325,000, leaving a debt margin of \$45,037,145.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### Note #9 Other Postemployment Benefits

The District is legally required to provide postemployment healthcare benefits to former employees and retirees. Former employees, who are not retirees, are provided healthcare benefits mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). Former employees, who are qualified under COBRA, may apply for coverage by the District's health plan. The cost is 100% funded on a monthly pay-as-you-go basis by the former employee based upon the actual cost of the health plan for the chosen level of coverage. In addition, the District is responsible for paying the actual dollar amount of Teachers' Retirement Insurance Program (TRIP) insurance for certain eligible employees under the retirement provision of the contractual agreement.

Illinois Statutes mandate that a municipal government must offer its retirees a health insurance plan equivalent to that offered to active employees. Illinois statutes enable a government to make the health plan benefits supplemental to Medicare and to offer these supplemental benefits at a different retiree contribution rate than regular benefits provided by the group plan. State statutes do not presently require the government to pay any portion of the cost of the plan for retired employees. Retired employees covered under the District's plan are required to pay 100% of the cost of their insurance based on the rates paid by the District. Retired employees must be covered under the District's health insurance plan at the time of retirement to receive this benefit and must continue coverage with the District's plan to maintain this benefit. Although the actuarial cost of health benefits for retirees exceeds the average amount paid by retirees, based on historical turnover rates, number of active employees, age of active employees and participation rate, management of the District does not consider the effects of implementing Governmental Accounting Standards board Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions and calculating the actuarial determined liability to be material to the June 30, 2020 financial statements.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### Note #10 Required Individual Fund Disclosures

The Working Cash Fund was partially abated per Board approval, funds were transferred in the amount of \$1,100,000 to the Educational Fund, \$1,800,000 to the Operation and Maintenance Fund, and \$330,000 to the Transportation Fund.

As of June 30, 2020, individual fund expenditures exceeded appropriations by \$10,814 in the IMRF/SS Fund.

#### Note #11 Common Bank Accounts

Separate bank accounts are not maintained for all District funds; instead, certain funds maintain their uninvested cash balances in a common checking account, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund.

#### Note #12 Self-Insurance Plan

All employees of the District are covered under the State of Illinois Unemployment Insurance Act. The District elected to be self-insured and therefore is liable to the State for any payments made to an unemployed worker claiming benefits. During the current year, the District paid \$522 for unemployment claims.

#### Note #13 Commitments and contingencies

#### Litigation

From time to time, the District is involved in legal and administrative proceedings with respect to employment, civil rights, property tax protests and other matters. Although the District is unable to predict the outcome of these matters, the District believes that the final outcome of any actions will not have a material adverse effect on the results of operations or the financial position of the District.

#### Grant Programs

The District has received funding from state and federal grants in the current and prior years which are subject to audits by the granting agencies. The School Board believes any adjustments that may arise from these audits will be insignificant to District operations.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

# Note #14 Joint Venture - Southern Will County Cooperative for Special Education (SOWIC)

The Southern Will County Cooperative for Special Education is a jointly governed organization that was formed for the purpose of providing special education for the handicapped children in the ten member school districts. The governing board consists of the superintendents of the member school districts. The degree of control exercised by any participating school district is limited to its representation on the governing board. Financial information can be obtained by writing to Southern Will County Cooperative for Special Education, 1207 North Larkin Ave, Joliet, IL 60435.

#### Note #15 Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. The District maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the District. During the year ended June 30, 2020, there were no significant reductions in coverage. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

#### Notes to other Information

#### Changes of assumptions

For the 2019, 2018, 2017, and 2016 measurement year, the assumed investment rate of return was of 7.0 percent, including an inflation rate of 2.5 percent and a real return of 4.5 percent. Salary increases were assumed to vary by service credit, but the rates of increase in the 2018 measurement year were slightly higher. For the 2015 measurement year, the assumed investment rate of return was 7.5 percent, including an inflation rate of 3.0 percent and a real return of 4.5 percent. Salary increases were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ending June 30, 2014.

# SUMMARY OF ACTUARIAL METHODS AND ASSUMPTIONS USED IN THE CALCULATION OF THE 2019 CONTRIBUTION RATE\*

#### Valuation Date:

Notes

Notes	Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.
Methods and Assumptions Used to I	Determine 2019 Contribution Rates:
Actuarial Cost Method	Aggregate Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	Non-taxing bodies: 10- year rolling period. Taxing bodies (Regular, SLEP and ECO groups): 24-year closed period
	Early Retirement Incentive Plan liabilities: a period up to 10 years selected by the Employer upon adoption of ERI.
	SLEP supplemental liabilities attributable to Public Act 94-712
	were financed over 19 years for most employers (three
	employers were financed over 28 years and four others were
	financed over 29 years).
Asset Valuation Method Wage growth	5-Year smoothed market; 20% corridor 3.25%
Price Inflation	2.50%
Salary Increases	3.35% to 14.25% including inflation
Investment Rate of Return	7.50%
Retirement Age	
6	Experience-based table of rates that are specific to the type of
	eligibility condition. Last updated for the 2017 valuation
Mantality	pursuant to an experience study of the period 2014-2016.
Mortality	For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base
	year 2015). The IMRF specific rates were developed from the
	RP-2014 Blue Collar Health Annuitant Mortality Table with
	adjustments to match current IMRF experience. For disabled
	retirees, an IMRF specific mortality table was used with fully
	generational projection scale MP-2017 (base year 2015). The
	IMRF specific rates were developed from the RP-2014
	Disabled Retirees Mortality Table applying the same
	adjustment that were applied for non-disabled lives . For active
	members, an IMRF specific mortality table was used with fully
	generational projection scale MP-2017 (base year 2015). The
	IMRF specific rates were developed from the RP-2014
	Employee Mortality Table with adjustments to match current
Other Information	IMRF experience.

To the Board of Education Peotone Community Unit School District 207U Peotone, Illinois

## Independent Auditor's Report on Supplementary Information

We have audited the basic financial statements of the Peotone Community Unit School District 207U (District) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated October 7, 2020, which contained an adverse opinion on the basic financial statements because there were not presented in accordance with accounting principles generally accepted in the United States of America. The basic financial statements were issued to comply with regulatory provisions prescribed by the Illinois State Board of Education on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. In our opinion, the basic financial statements were presented fairly, in all material respects, on the basis of the financial provisions of the Illinois State Board of Education as described in Note 1 of the District's basis financial statements. Our audit was conducted for the purpose of forming opinions on those financial statements that collectively comprise the basic financial statements. The accompanying Consolidated Year-End Financial Report is presented for purposes of additional analysis as required by the Illinois Grant Authority and Transparency Act and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.
